Waterbury, CT – March 3, 2025 – [MacDermid Enthone](#), a leading surface finishing technology provider, has announced that Graeme Dickinson has been appointed Senior Vice President and General Manager. Dickinson, who has been leading MacDermid Graphics Solutions since 2023, brings over two decades of experience across a broad set of industry verticals, having spent a substantial portion of his career in specialty materials product management, manufacturing, and new product development.

In his new role, Dickinson will be responsible for leading the global MacDermid Enthone business, driving its strategy, expanding its market penetration, and enhancing its industry-leading technologies and service for our international customers, partners, and stakeholders. He succeeds former Senior Global Vice President, Richard Lynch, who led the MacDermid Enthone global business for over 5 years.

“I am honored to step into the role of Senior Vice President and General Manager at MacDermid Enthone Industrial Solutions and look forward to working alongside our talented team to drive business growth,” said Dickinson. “Looking ahead, I am committed to building on our strong legacy of developing industry-leading surface finishing solutions, supported by technical expertise and unmatched customer support.”

During his time with MacDermid Graphics Solutions, Dickinson proved to be an exceptional leader, driving thoughtful strategy development, expert process improvement across multiple areas of the business, and delivering strong earnings growth. Dickinson holds a B.S. and M.S. in Materials Science Engineering from Purdue University and a Master of Business Administration from the W.P. Carey School of Business.

“We are thrilled to have Graeme at the helm of MacDermid Enthone,” noted Ben Gliklich, President and CEO of Element Solutions Inc, “He has a proven ability to deliver value through thoughtful, customer-oriented innovation and supply chain productivity programs in alignment with our Company’s core values. We are confident that MacDermid Enthone will continue to advance its leadership position in the surface finishing industry under his watch.”
